

Fontaine No-Slack®

The world's only self-adjusting fifth wheel lock

Patented safety trigger eliminates high-hitching to reduce tractor, trailer and tire damage

Patented secondary lock provides added safety and security

Patented No-Slack® lock is self-adjusting to give you a snug, secure connection every time you couple

StraightShot™ pull handle is the easiest to operate in the industry—no complicated opening sequence to remember

Steel construction with 28% larger surface contact area for greater strength and stability

Optional in-cab air release only opens when the parking brake is set

Clean Connect™ reduces friction between the top plate and the trailer plate which improves steering and increases tire life (available on 7000CC series)
